Appropriate Attention - Knowing & Seeing

Knowing & Seeing

Teaching on what is Appropriate attention & inappropriate attention

- Inappropriate attention is when unarisen effluents arise & arisen effluents increase
- Appropriate attention then unarisen effluents do not arise & arisen effluents are abandoned

How this occurs based on the effluent what it is.

Teaching on Knowing & Seeing provides guidance base on what it is we are experiencing.

By Seeing: when one does or does not discern those ideas or what one experiences that are fit for attention or ideas that are unfit for attention.
What is unfit? Ideas that promote sensuality, becoming, & ignorance

- Effort to paying attention and how we put effort at.
- Views: Questions of self in past & future or in the present
    - Fetter of Views
- Attending appropriately
  - Seeing this as stress,
  - the origins of stress,
  - the cessation of stress
  - Way leading to the cessation of stress
  - Abandoning identity-view, doubt, and grasping at habits & practices
  These are the effluents that are abandoned by seeing

Restraining

- Senses (eye, ear, nose, tongue, body & intellect)

Using

- Robes/Clothing

- Cold & heat
- Flies, mosquitoes and sun
- Covering the body/modesty
- Food
    - Not for fun
    - Not for intoxication
    - For putting on bulk
    - Not for beautification
    - Only for survival & continuance of the body, ending affiliations, support of the spiritual path
        - Not starve ourselves nor overeat
        - Main myself, be blameless & live in comfort
- Medicines
    - Use medicine for curing illness
    - Counteract any pains of illness & freedom from disease
    - No Vexation or fever to use them inappropriately

Tolerating

- Cold & heat
- Hunger & thirst
- The touch of flies & mosquitos
- Sun, wind & reptiles
- Ill-spoken words
- Bodily feelings that are painful, racking, sharp, piercing, disagreeable, displeasing & menacing to life

Avoiding

- Wild Elephants, horse, bull, dog, snake, stump, bramble patch, chasm, cliff, cesspool, open sewer
- Unsuitable seats, unsuitable habitats, associating with bad friends that his knowledgeable friends would suspect him of evil conduct

Developing

- Mindfulness as a factor of awakening dependant on seclusion, dispassion, cessation, resulting in letting go
- Likewise with Investigation, Persistence, Rapture, Serenity, Concentration, Equanimity
- All resulting in letting go.

RESULTS are:

- Severed craving
- Thrown off the fetters

Through the right penetration of conceit has made an end of stress & suffering
